

SOLARKOTE® T

ACRYLIC CAPSTOCK

High Performance System for TPO

ALTUGLAS
INTERNATIONAL
ARKEMA GROUP

Enhance your heavy-gauge thermoformed products with Solarkote® T acrylic capstock system. This high-performance polyolefin capstock system allows you to create a thermoplastic polyolefin (TPO) based sheet structure with a Class A acrylic first surface. Solarkote® T system delivers cost effective performance for large part thermoforming applications that require excellent weathering and surface properties. Solarkote® T system provides an optimal balance of low-temperature toughness, dimensional stability, and scratch and mar resistance.

SOLARKOTE® T SYSTEM

Solarkote® T is a system approach that uses a patented tie-layer to combine the aesthetics and surface properties of PMMA with the toughness of TPO.

SOLARKOTE® T FEATURES

- Excellent weatherability and long lasting color
- Exceptional surface durability
- PMMA level of scratch and mar performance
- UV protection and environmental resistance
- Increased thermoforming process window
- Tough, high impact thermoplastic TPO substrate

TARGET MARKETS & APPLICATION

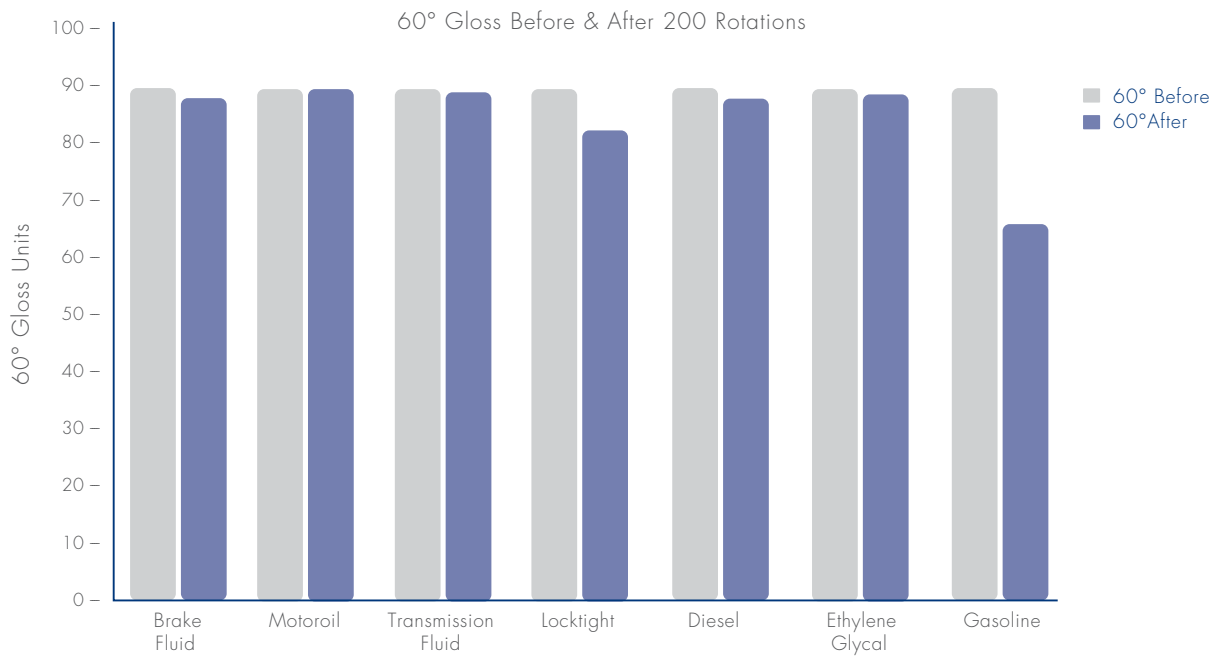

Solarkote® T acrylic capstock adds distinction to an array of products in a wide range of market segments.

- **Agricultural & Construction Equipment**
Engine hoods, covers, fenders, roof panels
- **Automotive Aftermarket**
Scoops and spoilers, body armor, ground effects, tonneau covers
- **Recreational Vehicles**
Hoods, bumpers, end caps, covers, caps
- **Power Sports**
Fenders, body panels, front hoods, canopies, trim pieces
- **Lawn & Garden**
Hood, fenders, canopies
- **Marine**
Kayak, canoe and boat panels, tops, and accessories
- **Truck and Tractor Trailer**
Front bumpers, air deflectors, tank flares

About Altuglas International, a subsidiary of ARKEMA:

Altuglas International, world leader integrated in PMMA, is heavily involved in the field of engineered plastic - from MMA monomer to PMMA Acrylic glass - Altuglas International designs and manufactures highly innovative products tailored to the specific needs of its global customers. Its 1300 committed employees contribute daily to the success of its three areas of business (MMA, acrylic sheets and PMMA resins). Find out more at www.altuglasint.com.

Solarkote® acrylic capstock resin is a combustible thermoplastic. Observe fire precautions appropriate for comparable forms of wood and paper. For building uses, check code approvals. Impact resistance is a factor of thickness. Avoid exposure to heat or aromatic solvents. Clean with soap and water. Avoid abrasives.

The statements, technical information and recommendations contained herein are believed to be accurate as of the date hereof. Since the conditions and methods of use of the product and of the information referred to herein are beyond our control, Arkema expressly disclaims any and all liability as to any results obtained or arising from any use of the product or reliance on such information; NO WARRANTY OF FITNESS FOR ANY PARTICULAR PURPOSE, WARRANTY OF MERCHANTABILITY OR ANY OTHER WARRANTY, EXPRESS OR IMPLIED, IS MADE CONCERNING THE GOODS DESCRIBED OR THE INFORMATION PROVIDED HEREIN. The information provided herein relates only to the specific product designated and may not be applicable when such product is used in combination with other materials or in any process. The user should thoroughly test any application before commercialization.
